Residential Curbside Single-Sort Recycling Collection:

The City of Bismarck contracts with Waste Management to provide single-sort curbside recycling for single family, duplex, and multi-family residential homes that use individual garbage cans.

Leave a Legacy not Litter

Items that are recyclable will no longer go into the landfill but will be recycled and re-used helping the City of Bismarck and its residents be responsible stewards of the land, the environment, and its resources. Recycling will also extend the life of the City of Bismarck landfill for future residents to use.

Since April of 2014, over 10,000,000 lbs. of recyclables have been removed from our waste stream.

For questions, issues or concerns regarding recycling pickup contact Waste Management at 1-888-960-0008 or wmeservice@wm.com
